

The Wandering Wisemen

Some call them Wise Men, others Magi, others Kings.
They were astrologers from the East who saw a special star
in the skies that led them to Jerusalem.
They were searching for the newborn
King of the Jews to honor him.
Read their whole story in Matthew 2:1-12!

They have come to remind us that the road to Bethlehem and
the good news of Jesus' birth at Christmas is a journey!
Color or decorate them as you imagine their stories.
What do you think they hoped to find?

Each day in Advent, move them to a new space in your house,
or take them with you as you celebrate the season.
Take a picture and post it on our **Facebook** page
(or e-mail it to pastor@heritagepres.com).
How many places will they go before they reach the manger?

Make sure they find their way back to worship on
SUNDAY, JANUARY 7, 2018
as we celebrate Epiphany and
the end of the Wandering Wisemen's journey!
